A GLANCE

A. J. Skill and Simulation Centre is a state of the art, world class facility for the advanced training in health care. The centre has advanced Medical / Surgical / Ultrasound / Laparoscopic simulation and skill trainers that aim to provide progressive exposure to the various challenging aspects of the medical profession similar to real life situations. This will contribute towards reducing errors and enhancing the quality of clinical as well as practical skills to ensure patient safety. Complex interdisciplinary scenarios allow team training and crisis management by professional trainers as per recommendations of National Medical Commission and Rajiv Gandhi University of Health Sciences.
