CME Programme on**

## CURRENT TRENDS IN CLINICAL MYCOLOGY : CHALLENGES AHEAD

On 26<sup>th</sup> September 2015  
at 9.00 am  
at AJIMS Auditorium, AJIMS,  
Kuntikan, Mangaluru

CME credit points will be awarded by  
Karnataka Medical Council

Dear Sir/Madam,

Greetings and best wishes from the department of Microbiology, AJ Institute of Medical Sciences & Research center, Mangalore, Karnataka

AJ Institute & Research Centre is one of the most prestigious medical institutions providing excellent facilities for medical education as well as health care needs of the people in and around Mangalore.

It is our pleasure and proud privilege to host the 2nd Quarterly meet & CME of Indian Association of Medical Microbiology-Karnataka Chapter. The theme of the CME is "Current Trends in Clinical Mycology - Challenges Ahead"

The incidence of mycotic infections and the number and diversity of pathogenic fungi have increased dramatically in recent years in both immunocompetent and in immunocompromised individuals. Trends in clinical mycology has become the international meeting ground for all professionals working with and against fungi and fungal infections. Invasive fungal infections in the immunocompromised populations continue to be an important cause of mortality and morbidity. The early diagnosis of invasive fungal infections is still difficult but on the same time acknowledged to be of utmost importance and with direct impact on outcome. The CME is intended to lay emphasis on the ever changing scenarios in Mycology and to provide an excellent opportunity for clinicians, general practitioners, microbiologists, post graduates to learn and update their knowledge in this field.

On behalf of the organizing committee, I cordially invite you to get yourself enriched by participating in this CME. Your participation is very much essential for the success of this programme.

**Dr. Shrikara Mallya P**

**Organizing Chairman**

2nd Quarterly Meet & CME, IAMM-KC
