The Ear Reconstruction Live Operative Workshop

Date : Saturday, 24th Jan 2015

Venue :

Conference Hall,
A J hospital and Research Centre, Mangalore

CME Credit Points -2

Host

Dept. of Plastic & Reconstructive Surgery
A J Institute of Medical Sciences & A J Hospital
Kuntikana, Mangalore - 575004

Dear All

Significant number of ear deformities and malformations exists worldwide. Correction of severe deformities like Microtia still remains as the most challenging reconstructive procedure. The technique is mastered by few in the world. The objective of this workshop is to bring the experts to demonstrate such dexterity of techniques and intricacies to achieve good results.

We have chosen Prof P S Bhandari, a renowned plastic surgeon of Delhi who has extensive experience of more than 25 years in the ear reconstruction and an excellent teacher.

With a view to bring everyone involved in the treatment of ear deformities and to benefit both teachers and post graduates this live workshop is being organized keeping the registration fees at a miniscule.

Two CME credit points by Karnataka Medical Council are awarded for this workshop.

It is our pleasure to invite you all for this workshop at Coastal City of Mangalore.

Organizing team

Dr. Dinesh Kadam, MS, DNB, MCh
Prof & Head

Dr. Sanath Bhandary, MS, MCh
