Sub: - Providing PG NEET 2021 data of candidates to NMC after making necessary changes-reg.

Ref: Letter No. ED/KEA/PGNEET, 2021-22 dated 11.05.2022

Sir,

I am directed to refer to the Letter No. ED/KEA/PGNEET, 2021-22 dated 11.05.2022 received from Executive Director, Karnataka Examinations Authority (KEA) wherein it has been requested to make necessary changes in the category details of 08 candidates mentioned in the list provided by KEA (**List & Letter enclosed for ready reference**) to facilitate the colleges to enter the allotted NEET PG student data on NMC portal.

In this regard, it is mentioned that KEA has clarified that the 08 candidates mentioned in the list fall under OBC category and have become eligible due to lowering of qualifying percentile in NEET 2021 Counselling by competent authority. However, their details could not be uploaded by the allotted colleges in the NMC portal within stipulated date as data of these students was not shared by NBE to NMC after making changes in their category.

The matter was put forward to competent authority and as per decision the category of 08 candidates mentioned in the list may be converted to OBC and the required data may be sent to NMC with a copy to MCC so that the allotted colleges from Karnataka can upload the details of candidates on the NMC portal. Please treat this as **“Urgent”**.

This issues with the approval of competent authority.

Yours Faithfully,

Dir. Prof. (Dr.) B. Srinivas

No. ED/KEA/PGNEET,2021/2022

Date: 11.05.2022

To,

Additional Director (M)
National Board of Examinations in Medical Sciences
New Delhi .

Sir,

Sub: Providing PGNEET- Medical 2021 data to NMC to facilitate the colleges to enter the allotted PGNEET Medical student data – reg
Ref: KEA letter of even no. dated 07.05.2022

Your kind attention is drawn towards the above referred letter wherein KEA has requested to take necessary action for sending the PGNEET 2021 NBE complete data to NMC so that the college authorities can enter the admitted student details into NMC portal for approval.

As per NEET PG 2021 Information Bulletin, 10.8.3, 10.9.2, 10.9.4, 11.1 and 11.2 paras, the state reservation policy has been taken into consideration to determine the eligibility of the candidates. This system is being followed every year by the MCC and KEA .

In reply to KEA's correspondence dated 07.05.2022 with NBEMS, it has been informed through e-mail that NBEMS provided to NMC the data of all qualified candidates as per the category-wise, cut-off percentiles for NEET –PG 2021 which is as per the Central list for MCC and NBEMS do not have the details of OBC and other reservation categories / policies as applicable in various States/UTs of India. .

However, the list of candidates mentioned in the enclosed list are the students who have got the eligibility due to lowering of qualifying percentile in NEET PG 2021 by MCC. Accordingly, these candidates have registered to KEA as per State reservation policy and have been allotted seats based on their merit and reservation. But, their details could not be updated by the allotted colleges in the NMC portal within the stipulated date. On enquiry with NMC it is learnt that the data of these students are not shared with NMC.

Hence, in the light of the student's future, it is requested to kindly look into the matter, and instruct the concerned to transfer the required data in the NMC portal so that the allotted colleges from Karnataka can upload the details of the candidates in the NMC portal. As the students are approaching KEA every day for solving the above issue, kindly treat this on priority for resolving the NMC portal issues.

Yours sincerely,

Executive Director

LIST of PGNEET -2021 Medical allotted candidates represented to KEA regarding NMC portal issues (Ref : KEA Letter No. ED/KEA/PGNEET 2021/2022 dated 11.05.2022)
