

ABOUT US

A. J. Institute of Medical Sciences and Research Centre is a premier institution imparting quality medical education catering to hundreds of aspiring medical students from far and wide. The college offers Undergraduate, Postgraduate as well as Superspeciality courses. It was established two decades ago, in 2002 under the aegis of Laxmi Memorial Educational Trust (Regd) in the heart of the magnificent city of Mangalore. The Founder and President of the college is Hon'ble Dr. A. J. Shetty, a visionary and a philanthropist who is endowed with extraordinary excellence. Our dynamic Vice President Shri. Prashanth Shetty renders additional impetus to the vision and mission of the institution through his relentless dedication and commitment.

The college campus is spread over a vast sprawling lush green ambience and inspiring surroundings of idyllic beauty. The spectacular AJ Institute is the exquisite signature of the city because of its marvellous infrastructure professionally proficient staff, well-equipped OPDs, Operation theatres and state of the art Oncopathology laboratory.

Preface to the CME

Gastrointestinal mucosal biopsies constitute a major chunk of histopathology reporting for a pathologist. Interpreting these, especially the non neoplastic lesions can pose a diagnostic challenge. That is the rationale for selecting "Gut Matters" as the theme for the CME by the organizing team. This CME intends to provide an insight about interpretation of GI mucosal biopsies with special emphasis on the non neoplastic lesions. Grey areas such as differentiating Crohn's disease Vs Intestinal Tuberculosis will be thoroughly addressed. Slide seminar and case discussions are included to substantiate pragmatic approach and to ensure effective interaction among the speakers and delegates.

We welcome you to this academic feast.
