1. The postgraduate students have to make a note of the above schedule and follow it strictly without fail.
2. Journal article has to be selected well in advance after consultation with the moderator and has to be circulated amongst all staff and PGs in soft copy.
3. *They have to discuss with faculty-in charge regarding the journal review and get the seminar material approved by the faculty well in advance before presentation (at least 5 days).*
4. Soft copy of all the presentations is to be circulated amongst all the staff and PG students after the presentation. A soft and hard copy of the seminar material has to be submitted to the department, *within a week's time.*
5. For seminars, journal clubs, case presentation, family study and pedagogy; the presenters are supposed to get the checklist filled by the faculty.
6. Epidemiological exercise should be selected after consultation with guide, well in advance and has to be circulated among other staff and postgraduate students.
7. PG students should update their log books and PG presentations list register regularly.
8. PG students/staff attending any conference, workshop or CME other than IAPP are expected to present the brief summary of the event on the next immediate PG activity day.
9. All the staff members are required to be present for all the PG teaching programmes (except those posted to health centers). This is for strict compliance.
